

Prophecy

-A homeless man just pointed directly at me and screamed
"You will die in the street!"

-Little like Julius Caesar, but a bum, you, hey? Well there are several
intervening layers. Staring with stocks and bonds!

-I feel a half step away from ruin every waking moment of my life!

-Nonsense! And do you think Jinky or Jilly would let that happen?
One a Cornell grad and the other from Stanford?

-Yes! Jinky would hold it up as the inevitable result of corrupt Capitalism,
and Jilly'd say I was exercising my freedom!

-Yeah...you're spot on, unfortunately. It's no use, we're screwed!
